TABLETS & APPS

iPads in Education

Leadership Insights & Hands-on Workshops

Tablets are here to stay! Over the last 3 years we have seen a significant move towards tablet technologies in schools, heavily influenced by the unprecedented growth of mobile operating systems – iOS, Android and Windows 8.

If you're just starting out, or have already made the investment, we've got the course to take your school to the next level, putting raising standards and attainment at the heart. You'll be working with leading professionals to get hands-on experience to truly transform education, better understand the correct management and deployment of iPads and equip your staff with the right tools and approaches. *The workshops below will be organised into the full day.*

Course Agenda (Full Day)

Getting Creative

A fun workshop on creating video and audio content on the iPad. Exciting stuff! We will also demonstrate how to use 3D and photo-editing apps to enhance learning across the curriculum.

Leadership Insights

Whether you are planning on it, or have already invested in iPads for your school, this session will help simplify the process of introducing them onto your network and managing them effectively.

Curriculum Mapping

Which apps will best replace traditional software across the curriculum? We guide you through the best selection of apps to get you started and put your hardware to good use from day one.

Numeracy with Apps

This session will introduce engaging apps to enhance and test Mental Maths to improve core numeracy skills through game-based competition.

Visual Literacy & Writing

Whether it is creative, persuasive, analytical or informative writing we'll take you from planning to publishing.

Learning & Teaching with iPads

Stop-animation, action movies, eBooks, Podcasting, programming, note-taking, 3D simulation...

& Finally, A Few Tips & Tricks

Cool stuff you might not know that will give you more control during lessons, a few handy shortcuts and essentials.

Your NWL Crew on the Day

Sanjesh Sharma

With over 19 years in education (14 years as a teacher and senior leader), Sanjesh is Director at New Ways to Learn and a highly regarded public speaker and trainer on Windows, iOS & Android in education.

Matt Buxton

Matt spent 10 years as a History teacher & curriculum leader and is now a leading figure working with teachers on the use of Tablets in schools.
