“Charlie said this was the **best thing** he did all summer long...”

- **TOTALLY EDUCATIONAL**
- **BLENDING THE BEST OF CODING AND MINECRAFT EDUCATION EDITION**
- **GET AHEAD WITH COMPUTING AND CODING**
- **SAFE, FUN AND EXCITING DAYS**
- **FULLY TRAINED STAFF AND TEACHERS**
- **FOR CHILDREN AGED 7 TO 13**

BE QUICK...

LIMITED

SPACES

LOTS OF GREAT ACTIVITIES

100% EDUCATIONAL

Our clubs use the *education* version of **Minecraft** to ensure that children can work together in a controlled environment. This adds activities and tasks into the hugely popular game and promotes **teamwork** and doing everything from changing the weather and switching off zombies to exploring historical places and dealing with an erupting volcano. **We promote literacy and numeracy skills in the most fun way possible!**

GET CODING!

Each day students will also get a solid chunk of learning how to code. We use great tools like **Code Studio, Scratch, Snap** and **Thimble** to get kids understanding principles like algorithms and computational thinking. We also aim to get kids outdoors for **computing-unplugged** activities. **Our tools and approaches are aligned to the KS2/KS3 curriculum for IT & Computing for Primary and Secondary schools nationally.**

ALL ABOUT TEAMWORK, CREATIVITY & CODING

£5 DAILY DISCOUNT FOR 2+ SIBLINGS

8.30AM TO 3.30PM EVERY DAY

SUITABLE FOR BOYS & GIRLS AGED 7 - 12

LOTS OF GREAT TECH TO TRY OUT & PLAY WITH

LIMITED SPACES

All children booked on a course will need to bring a packed lunch each day with plenty to drink and have suitable footwear for any planned outdoor activities at the venue.

**** OUTDOOR ACTIVITIES MAY BE AFFECTED BY POOR WEATHER CONDITIONS ****
