## LearnPads in Education

### Leadership Insights & Hands-on Workshops

**BETT 2013 Winner!** Finally, an alternative to iPads in education. Easier to manage and tailored specifically for education, the LearnPad has the potential to revolutionise how schools can use Tablets, simply switching desktops with the scan of a QRKey.

If you're just starting out, or have already made the investment, we've got the perfect workshop to take your school to the next level, putting raising standards and attainment at the heart. You'll be working with leading professionals to understand the **LearnPad dashboard**, using **ClassView**, enrolling devices, creating bespoke profiles and developing applications.

## Course Agenda

### 1 Hour

#### ***Device Overview***

Understanding the hardware, operating systems, connectivity and essential operation. An introduction to QRKeys.

### 1 Hour

#### ***Leadership Insights***

Whether you are planning on it, or have already invested in LearnPads for your school, this session will help simplify the process of introducing them onto your network and managing them effectively.

### 1 Hour

#### ***Curriculum Mapping***

Which Apps will best replace traditional software across the curriculum? We guide you through the best selection of apps to get you started and create personalised desktops.

### 2.5 Hours

#### ***Creative Learning & Teaching with LearnPads***

Using ClassView, the Learnpad.co dashboard, enrolling devices, creating Lessons, Categories & Resources.

### 1.5 Hour

#### ***& Finally, A Few Tips & Tricks***

Just some cool stuff you need to know and a few handy shortcuts to make your life that extra bit easier ☺

## Your NWL Crew on the Day

### ***Sanjesh Sharma***

With over 19 years in education (14 years as a teacher and senior leader), Sanjesh is Director at New Ways to Learn and a highly regarded public speaker and trainer on Windows, iOS & Android in education.

### ***Matt Buxton***

Matt spent 10 years as a History teacher & curriculum leader and is now a leading figure working with teachers on the use of Tablets in schools.
